erWin: Free access to the Digital Service Schedule

The Digital Service Schedule is available to companies free of charge.

This document explains how to access the Digital Service Schedule via the erWin portal without purchasing a flatrate booking. The following steps include example images from the Volkswagen erWin portal. The process is the same in the other brand portals.

Logging into the erWin portal

The first step is to log in to the erWin portal. If you do not have an account, you can create one by selecting "My erWin" on the menu bar and then selecting "Registration".

The relevant domains are:

Volkswagen: <https://erwin.volkswagen.de/>

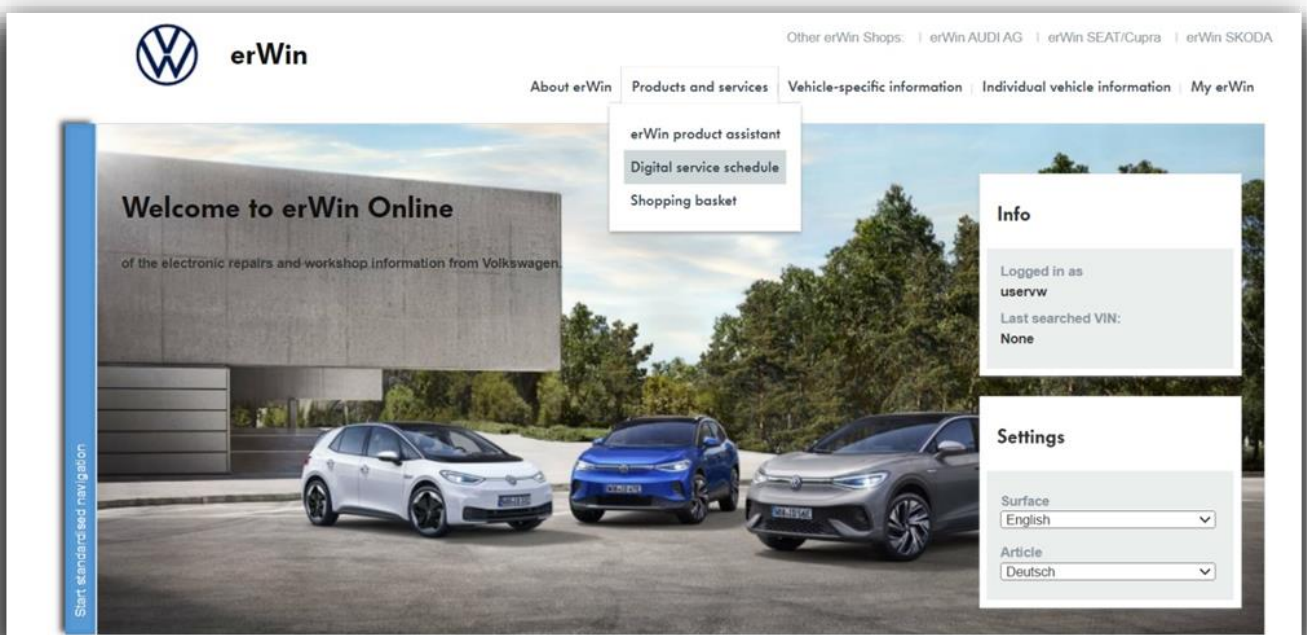

Audi: <https://erwin.audi.com/>

Skoda: <https://erwin.skoda-auto.cz/>

Seat: <https://erwin.seat.com/>

A screenshot of the erWin login page. It features a dark header with the 'Info' section showing 'Not logged in'. Below this is the 'Log in' section with input fields for 'User name' and 'Password', a blue 'Log in' button, and a link for 'Password forgotten?'.

Accessing the Digital Service Schedule

Select the "Products and services" menu option to access the Digital Service Schedule.

Creating a maintenance table and printing service certificates

Audi Digital Service Schedule

Information regarding the Digital Service Schedule can be found here.
For vehicles that have a Digital Service Schedule, entries can be made via the erWin system. These vehicles also have a streamlined printed service schedule containing general information; this can be used to store the records generated.

Please enter the desired VIN.

Recoding:
 Inspektion mit Ölwechsel

Once the maintenance table has been finalised, you will be taken back to the overview of service entries. The newly created maintenance table will be included in the list.

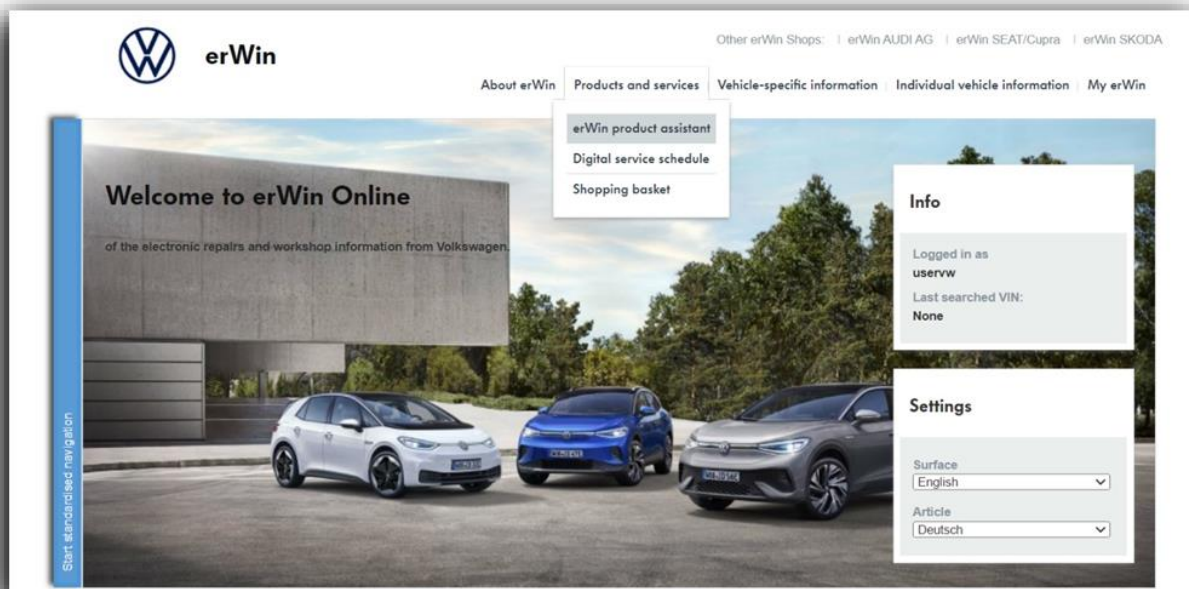

You can select the service entries that you wish to print via the "Complete record" column. Here, it is only possible to print entries that you have created yourself.
